Regarding : OBJECTIONABLE CLAUSES IN THE LEGAL AGREEMENT FOR SELLING MY SIX BOOKS TO LEARN ENGLISH IN A SCIENTIFIC WAY SO AS TO GIVE GUARANTEE TO THE LEARNER TO SPEAK ENGLISH FLUENTLY WITH HIGH CONFIDENCE AND TO GET HIGH LEVEL, SCHOLARLY KNOWLEDGE IN ENGLISH.

**Clause No.2 : The Service Recipient agrees and acknowledges that :**

- a. Prione shall be the first owner of the right, title and interest (including, but not limited to copyrights and any other intellectual property or proprietary rights) collectively.,

#### OBJECTION TO THE CLAUSE AND MY COMMENTS:

For selling my six books on an agreed rate of commission, you do not have to own the product, particularly the copyright including the methodology and the invention behind it. But if you insist for keeping this clause, you will have to buy the ownership of the six books referred to above and pay the present value of U.S.\$ 10,00,00,000 (U.S. DOLLAR TEN BILLION) or **Indian Rupees 6,60,000 CRORES** (Indian Rupees Six hundred Sixty Thousand CRORES) to the Actual owner, Inventor of the Methodology contained in them and the Copyright owner Mr. Jacob Nettikkadan, Flat No.502-B, City Palace (E.V. Homes), 65/1733, Azad Road, Kaloor, KOCHI – 682017, together with the acknowledgement of receipt of the value in his bank account, in writing.

But I hasten to add here, that for selling my books on an agreed commission, you need only a proper authorization for sale from me.

#### JUSTIFICATION OF THE QUOTED PRICE

1. The price quoted for my books may seem very high comparing with other products available in the market, but considering that my product is a unique one and has no competition, as it is the only product in the whole world in the last 20 centuries, which guarantees their learners that they can speak fluent English with high self confidence and also have high level, scholarly knowledge in the English Language. **The Western world may not be able to succeed to produce a Language Teaching Technology equal to this or better than this, if they try for the next 20 centuries.** The impact of this Technology will be colossal in the coming centuries, because the existing method of teaching languages does not guarantee that the learner will be able to speak that language in a reasonably short period. For the last three centuries, when the British were teaching in India, the learners who spoke

English was very low, a shamelessly low figure. There is already a challenge from me in my websites to all the Governments and the personnel in the United Nations to make any other language like Hindi, French, German etc. and make a Teaching System for those languages to enable the teachers to teach those languages with guarantee to the learners to speak those languages in a reasonably short period and to give high level and scholarly knowledge in the language to the learners. The world will not be able to meet the challenge in another few centuries, although they have my books as specimen, to make in those languages WHAT I HAVE DONE IN THE ENGLISH LANGUAGE DURING THE LAST 56 YEARS OF MY PERSONAL RESEARCH.

2. The learners of my four volume English Grammar Books will communicate fluent English confidently within a very short time - a miraculously short time, and when they complete the books, they will get such a high level of self confidence, scholarly and deep knowledge in the English Language which will be amazing to themselves, because they will learn to use 1,877 formations of Verb in English, a shocking news even to the British people.
3. The learners of my four volume English Grammar books, which are popularly known as ORIGINAL COMMUNICATIVE ENGLISH TEACHING SYSTEM, will have no doubt, confusion or misunderstanding when they learn the Language. This cannot be dreamt in any other method of teaching.
4. The English people who learn my four volume English Grammar Books will know hundreds of totally new items, especially mysteries and unheard of things about the English Language, though it is their mother tongue.

**HOW WILL TEN BILLION US \$ BE INCREASED TO A PROFIT OF  
1,000 BILLION US \$**

1. Amazon should\_ join hands with Inventor Jacob Nettikkadan and offer to each and every country in the world to make all their students speak fluent English with high self confidence and fill their minds with high level and scholarly knowledge of English within five years, by introducing

- the four volume English Grammar Books through their educational system, using the most impressive and well announced marketing technique.
2. Best English Teachers have to be trained by Jacob Nettikkadan who will impart expertise, teaching techniques and self confidence to teach English in an exciting style to make them communicate in English at a very high standard, be smart, dynamic, employable and with gentlemanly characteristics and filled with utmost devotion to duty.
  3. A Research Department will have to be introduced on the basis of Instructions from Jacob Nettikkadan, so that each researcher will produce only those things which are required to solve all the problems in the teaching field, give answers to all questions and to fulfil their ambitions. There will be no research done by anybody exclusively to get a PhD Degree as was the culture of Universities under the British regime during the past few centuries.
  4. An App can be produced with the latest invention of Jacob Nettikkadan to make small students and others speak English without any books, but using the “Magic Chart” invented by him, just like everybody learned to speak one’s own mother tongue. But the main miracle in this style will be **“when Mr. Nettikkadan teaches to make one sentence to students, they will be able to make hundreds or even thousands of similar sentences” , to be completed within five or ten hours’ teaching.**
  5. The final result will be “The promise of Jacob Nettikkadan to humanity i.e. to ensure that all the languages in the world will surely be spoken by all learners of those languages, within a reasonably short time (which is an impossible myth at present). Read his 7<sup>th</sup> Invention: “LANGUAGE TEACHING TECHNOLOGY.
  6. A Universal Language – the easiest to learn and practice in the world, UNI LINGUA, invented by Jacob Nettikkadan, which the UNESCO, France was ready to fund in 1983-84, to make it a Global Language, but which the Education Ministry personnel at New Delhi rejected mercilessly and mindlessly. (A write up attached). When this language is developed, all

- the people in the whole world will speak one language, keeping away the need for interpreters, and erasing geographical and political boundaries to a great extent, to make humanity live in a single village.
7. Then, there will be the spread of TRUE EDUCATION, as per the Definition of Jacob Nettikkadan, when most of the people will become 'rational, logically thinking and well behaving – full of gentlemanly qualities where people will not think of 'destruction' but only 'creativity', co-operation and assistance to face the common problems of humanity, to make meaning for the word "humanity" and live happily in peace and harmony and without fear. There should be a new "world order" where people will learn to "live and let live" – to make a HEAVEN ON EARTH.

Sincerely,

JACOB NETTIKKADAN,

Director, J.N. BEST ENGLISH TEACHERS, KOCHI. (Profile of Inventor J.N. attached.)
