Website : www.jacobnettikkadan.com/.org - www.xavierinstitute.com/.org

To

The Hon. Vice Chancellor,  
..... University.

25<sup>th</sup> January, 2015.

Dear Sir,

**Sub : Implementing "Best English Teacher Master Trainers' Course" in Your Esteemed University, for the first time using our "Language Teaching Technology"**

We solicit an opportunity to present you with the details of our "Best English Teacher Master Trainers' Course" and also, if acceptable to you, to have a tie up for the purpose. The course can be implemented as a degree course to produce expert and scholarly trainers to train "Best English Teachers" who will teach English to students perfectly well so that they may acquire useful, proficient and scholarly knowledge accurately, clearly, completely and convincingly (i.e. without any doubts, confusions or distortions) while achieving high fluency in English.

**Chief Objective :** *To produce master trainers to train "Best English teachers" who can produce the best result in the English language teaching in the world, by using "NETTIKADAN METHODOLOGY."*

According to the personal philosophy of Jacob Nettikkadan, a natural philologist, **"defined education"** or **the most ideal education** alone can guarantee humanity a peaceful, fearless and happy coexistence of all people as well as freedom from terrorism anywhere on earth. Therefore, our Director Mr. Jacob Nettikkadan has

submitted a definition for education and suggested that the syllabus making, study material preparation and the teachers' training etc. should be restructured to fulfil the objectives mentioned in the definition, under the caption "total revamp of the education", along with two other proposals. Anybody can visit his website [www.jacobnettikkadan.com/.org](http://www.jacobnettikkadan.com/.org) OR [www.xavierinstitute.com/.org](http://www.xavierinstitute.com/.org) and download or read the three items of his proposal submitted to the Hon. Prime Minister Mr. Narendra Modi on 4<sup>th</sup> April, 2014.

Our Director Mr. Jacob Nettikkadan has been doing private research for the past 54 years without any external help and has invented a totally new item called "**Language Teaching Technology**" besides six other inventions. The shocking results from his research are available on his website [www.jacobnettikkadan.com/.org](http://www.jacobnettikkadan.com/.org) or [www.xavierinstitute.com/.org](http://www.xavierinstitute.com/.org) under the heading "**Ten items of Jacob Nettikkadan's contributions**". If one reads those 10 items and conceives the contents without confusion, doubt or misunderstandings, one can be satisfied to be a '**world ranking philologist**' especially item No.8: "Uni Lingua (Learn Uni Lingua instantly)" - a world language which has been appreciated as the "**eighth wonder in the world**", because that item contains philosophy of philology mixed with "science", which ordinary experts or scholars cannot conceive. This was the outcome out of Mr. Jacob Nettikkadan's pursuit to invent a "**Linguistic Yardstick**" to measure the unnecessary complexities in languages, making them more or most difficult to learn and practise for non-natives of the language. The natives may fail to realize or experience such complexities as 'unnecessary'.

## **A DESCRIPTION OF THE PROPOSED MASTER TRAINERS' DEGREE COURSE**

We intend to select 100 graduates or postgraduates who can speak and write English fairly well. We will conduct our normal English course for them at a concessionary rate of Rs.3,400/- (Rupees Three Thousand four hundred) and Rs. 900/- (Rupees Nine hundred) for 4 volumes of the English Text Book "Easy Way To Learn English" and "The importance of Personality Development" which includes

lessons on “Mind And Its Functions”, for a total duration of 75 hours @ three hours per day for 25 working days except Sundays. There will be Two hours’ supporting activities also apart from the teaching.

At the end of this course, we will select the most brilliant 30 (THIRTY) candidates who succeed in demonstrating high energy, enthusiasm, dynamism, smartness, excellent leadership qualities and abilities, initiative, drive, managerial skills, sense of responsibilities and teaching aptitude. **These 30 candidates will be exempted from paying the Master Trainers’ Course Fee of Rs. 10,00,000 (Ten Lakhs) in advance for the entire duration of one year.** On successful completion of their course, they will be offered a monthly Salary of Rs. 1,00,000/- (Rs. one Lakh or One hundred thousand) and they have to pay back the Course Fee @ Rs. 50,000/- (Rupees Fifty Thousand) for twenty months.

Of the remaining 70 candidates, suitable selection will be made for the willing candidates to be trained as “Best English Teachers” to teach students, on payment of a total fee @Rs. 2,50,000 (Rupees Two Lakh fifty thousand or two hundred fifty thousand) for further three months. **Because they attend the first one month’s course with us, they will have started loving English and gaining high degree of self confidence by that time.** Totally fresh candidates may fail to demonstrate those qualities. Moreover, attending our one month’s course makes them confident to complete the training successfully in further three months. Otherwise, it will be bewildering their mind with doubts and lack of confidence. They will not be offered any fixed salary per month, but their income will depend on the number of students they will teach or the number of hours they will work per day. The income expected to be earned by them can be in the range of Rs.30,000/- (Rupees Thirty thousand) upward. Some candidates may earn even above Rs.50,000/- (Rupees Fifty thousand) per month.

More elaborate and detailed terms and conditions are available in our website [www.jacobnettikkadan.com/.org](http://www.jacobnettikkadan.com/.org) or [www.xavierinstitute.com/.org](http://www.xavierinstitute.com/.org) under the sub-heading “Training for Best English Teachers”. The intention of offering the first batch of Master Trainers without payment of Course Fee in advance is **to attract the best brain available in the country.** The first batch will have to be trained by the inventor Mr. Jacob Nettikkadan himself and his team. This will also increase the credibility of the first batch, the whole course and the University in which the course is conducted. The syllabus, course materials and the course

design, the standard of teaching , tests, evaluation etc. will be decided by J.N. Best English Teachers, Kochi, (a registered Society) the promoters of the course. More emphasis will be stressed on the mode of examinations. There will be written and oral tests, but the highest stress will be on PERFORMANCE TEST, because those who pass out have to perform perfectly well, efficiently and independently. They have to carry and maintain the reputation of the course, the institution which promotes the course and the university which ultimately issues the degree and the country in which it has originated. **We are confident that the product of this course, when exported would bring laurels to the country and the distinction and “Best Rank in the World” certification from their independent and most admirable performance abroad.**

This will practically be possible, because the entire course and its related activities are totally based on the Technology invented by Mr. Jacob Nettikkadan and on the study materials authored by him alone, all of which are having Universal Copy Right registration in one name; the training also has been designed according to his own, original and positive philosophy. **So, there will be no chance for a competition from other countries in the near future.**

We are ready to conduct the referred Master Trainers’ Training course as a degree course, if you agree to it and offer as well as provide the required accommodation and other facilities for our conducting the course in your University by using our own invented technology which has Universal Copy Right Registration and which is expected to take away the old concepts and procedures that have not produced good and satisfactory results so far. We are ready to share the income with you on terms and conditions to be agreed by both of us under a Memorandum Of Understanding (M.O.U)

To acquaint you with some of the details of our past research and present activities, we are sending herewith the following materials/ documents to you:

- 1 **A leaflet in English about the English language teaching system**, which contains a very easy, interesting and amazingly extensive Methodology of teaching English which guarantees high output from learners.
- 2 **A leaflet describing a programme to AROUSE THE HIDDEN GENIUS IN OUR STUDENTS** through a TREASURE HUNT in English to select “The

best English Speaking School” and the “Best DISCOVERER of the wealth in English”.

- 3 **A write up on the newly invented item “Language Teaching Technology”** which should determine the future course of research in all Universities and Research Institutions everywhere to ensure that every learner of foreign languages will be able to speak and write that language, unlike what has been the condition prevailing so far. Mr. Jacob Nettikkadan has created a **Magic Chart in English to make children learn to speak children’s standard of English within an astonishingly short time.** If future educational researchers attempt to ensure to make similar **MAGIC CHARTS** in every language, new learners of such languages will surely be able to speak children’s level of such languages within very short time. But for that every researcher has to vow to do research that will be useful for the community, the educational field and the nation apart from getting the PhD degree. They have also to do in other languages what Mr. Jacob Nettikkadan has done in English language i.e. ***creating the extra 5700 plus items*** in English over and above what the British brought to India centuries back. **If that is done by researchers in every language, and study materials are prepared just as JN has done in English, surely every learner of new languages will be able to speak fluently and confidently each language they learn.** For this purpose Mr. Jacob Nettikkadan proposes **to begin a Research Wing as well, side by side, with the Master Trainer’s Training course in the University.**
  
- 4 **A write up on “Learn Uni Lingua Instantly”** which reveals mysteries about the inherent constitution of different languages, hitherto unknown to the world. The intention of Mr. Jacob Nettikkadan and the JN Best English Teachers is to equip all trainers with the concept of this new language, so that they will have the knowhow to lead the future world in the development of this new language and making a befitting dictionary as well as Self Learning books in all languages of the world so that people all over the world will learn this “electronic language” and practise it for its growth and humanity’s easiness in communicating with their counterparts in any part of the world, without the need for interpreters and to make humanity a single community; to make them

emotionally and spiritually one, disregarding all other differences and live in peace and harmony.

If you are interested to join hands with our referred attempt to resurrect the lost glory and glamour of the Indian higher educational field and make a bench mark in the world once again to rebuild the “*Nalanda*” and “*Thakshasila*” universities, attracting students from all over the world, kindly respond to us **mentioning what facilities will be offered to us and your expectations from us as the share of the net income from the referred joint venture.**

With warm personal regards,

Cordially yours,  
For JN Best English Teachers,

JACOB NETTIKKADAN,  
Director.
